

Welcome! We hope you enjoy the evening. Before we begin our evening with a prayer we have a notes about the program:

- Please make a commitment to attend the Opening and Closing nights each year. Your mentor couples look forward very much to meeting you on the Opening Night (usually 8th February), and non-attendance can mean you miss out on getting a mentor couple. The Closing Night (usually in the first week of November) is the final talk for the year, without which the year isn't complete, and you'll be notified well in advance of its date and location. All other nights are arranged between you and your couple.

Before the end of this evening you'll get to meet your "adoptive" or mentor couple for the year and talk about your first meeting in March. Please do not leave for the night without being assigned to a mentor couple.

- The first three talks are scheduled for March, June and September. Don't be shy about giving your mentor couple a "hurry-up" if your talks aren't on time – we're all busy people and your enthusiasm is appreciated.

- The mentor couples are not counselors, but couples who have a heart for newly weds and are willing to share their journey and yours. As they open their lives to you, we ask you to respect their confidentiality, as they will yours.

- Finally, please contact us if you have any queries/problems at all, at any stage. And have a good night! God Bless,
